Company Profile

Introduction

QMS provides a professional, hassle-free consultation and support service for organisations seeking Certification.

Having helped implement thousands of management systems worldwide, QMS' market-leading services include everything from drafting a compliant Manual, to offering on-site training and Certification.

We have over 45 full-time regional Consultants who have the experience to make Certification as effortless as possible.

QMS also offer a subscription based support package, providing expert on-site and remote advice as well as access to **LAUNCHPAD**, an online portal containing training videos and allowing digital storage and maintenance of your management system.

By teaming up with QMS you can be confident that you are working with a consultancy & certification provider that puts quality and satisfaction first, whilst making the Certification Process as simple, efficient and cost effective as possible.

To speak to one of our Certification Advisors, who will ensure you receive the service and Certification best suited to your requirements, call **0333 344 3646** today or visit **www.qmsuk.com**.

Why Choose QMS?

QMS focuses on making ISO Certification simple and straightforward...

- ✓ Over 25 years of experience
- ✓ Over 8000 clients of all sizes, and in all sectors (including NHS, the National Trust etc)
- ✓ Professional consultation and support

We believe that the best systems are the simplest –focusing on a common sense and an efficient approach to implementing Quality Management systems, which doesn't break the bank.

Awards

Over the years QMS have received a number of prestigious awards.

Don't take our word for it

We were awarded Gold Trusted Merchant in 2015, 2017, 2018 and 2019 by Feefo, the Global feedback engine.

And in both 2018 and 2019 we were listed as One to Watch in the Best Companies employee survey.

Accredited by the ASCB

(Accreditation Services for Certification Bodies)

QMS was established 25 years ago to simplify and de-mystify the certification process. We endeavour to remain true to the requirements of ISO management system standards, whilst removing unnecessary and expensive complexities. Our accreditation with the ASCB makes this possible.
